What types of financial assistance will be offered?

The Illinois state-based marketplace will offer a range of financial assistance options to help consumers afford health insurance coverage.

	Premium Tax Credits	Cost-Sharing Reductions
What they are	Tax credits that directly reduce your monthly health insurance premium	Reductions in your out-of-pocket costs, such as deductibles, copayments, and coinsurance
Who qualifies	Individuals and families with incomes between 100% and 400% of the Federal Poverty Level (FPL)	Individuals and families with incomes between 100% and 250% of the FPL
How they work	The amount of the credit is based on your income and the cost of the second-lowest-cost Silver plan (SLCSP) in your area. You can choose to apply the credit directly to your monthly premiums or receive it as a lump sum when you file your taxes	Cost-sharing reductions are only available on Silver plans. They lower your out-of-pocket costs by increasing the percentage of healthcare expenses covered by your plan

Broker Connect Overview

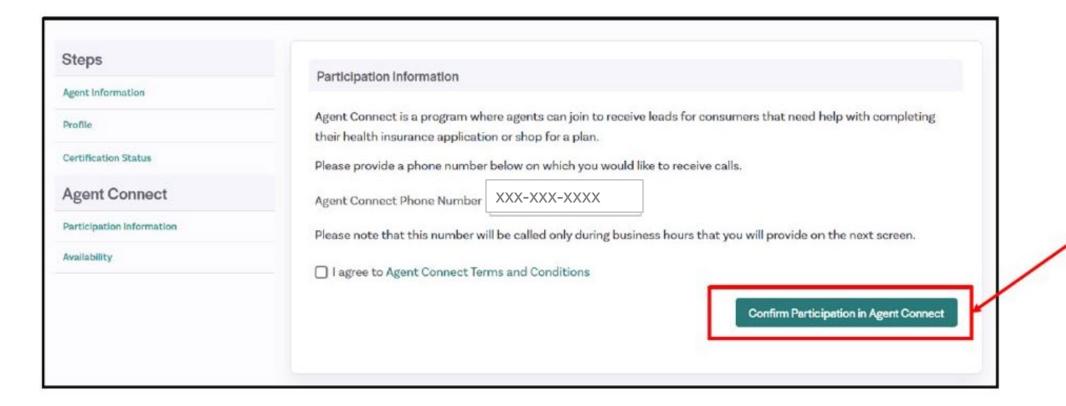

• Broker Connect is a program that brokers can join to receive leads from consumers who need help with completing their application or shopping for a plan. This is equivalent to the FFM's "Help on Demand" tool.

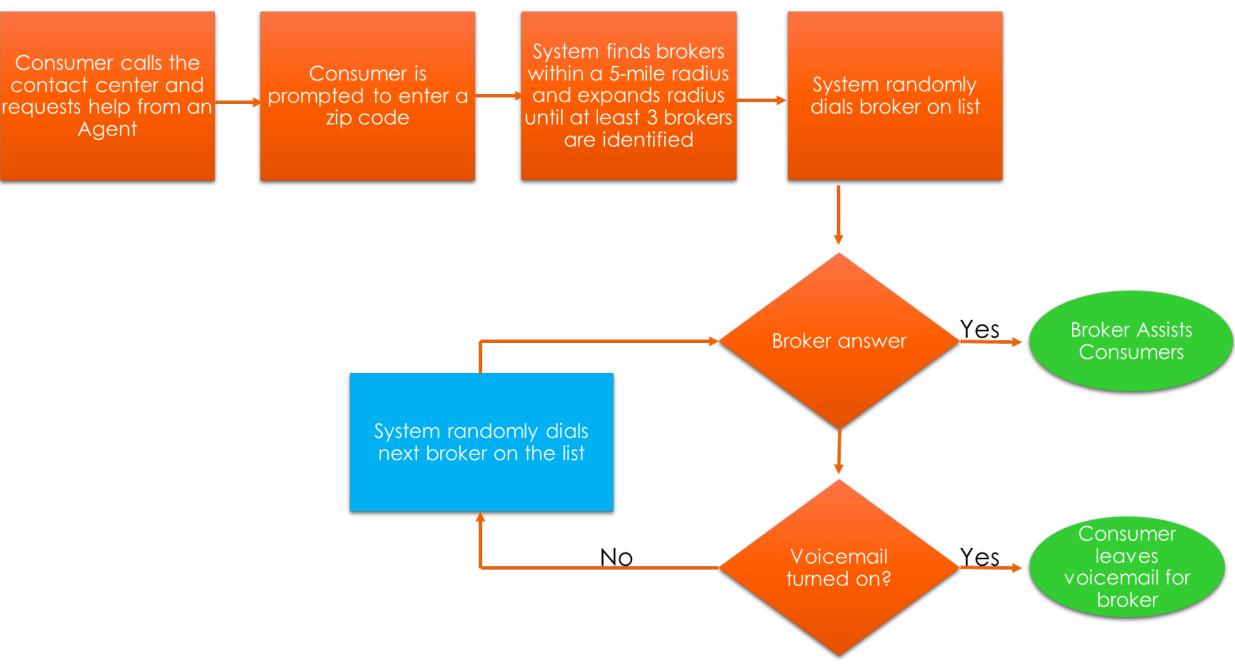

• How it Works

- Broker/Agent signs up for Broker Connect in Agent Portal and provides their availability.
- A consumer calls the Contact Center and requests assistance from a Broker/Agent.
- The system randomly dials brokers who are signed up for Broker Connect and available per their schedule and within a 5-mile radius of the consumer's zip code.
