PY2027 Broker Certification Training Registration & Login Companion Guide

Use this guide alongside the registration instructions and screenshots.

The state's official health insurance marketplace.

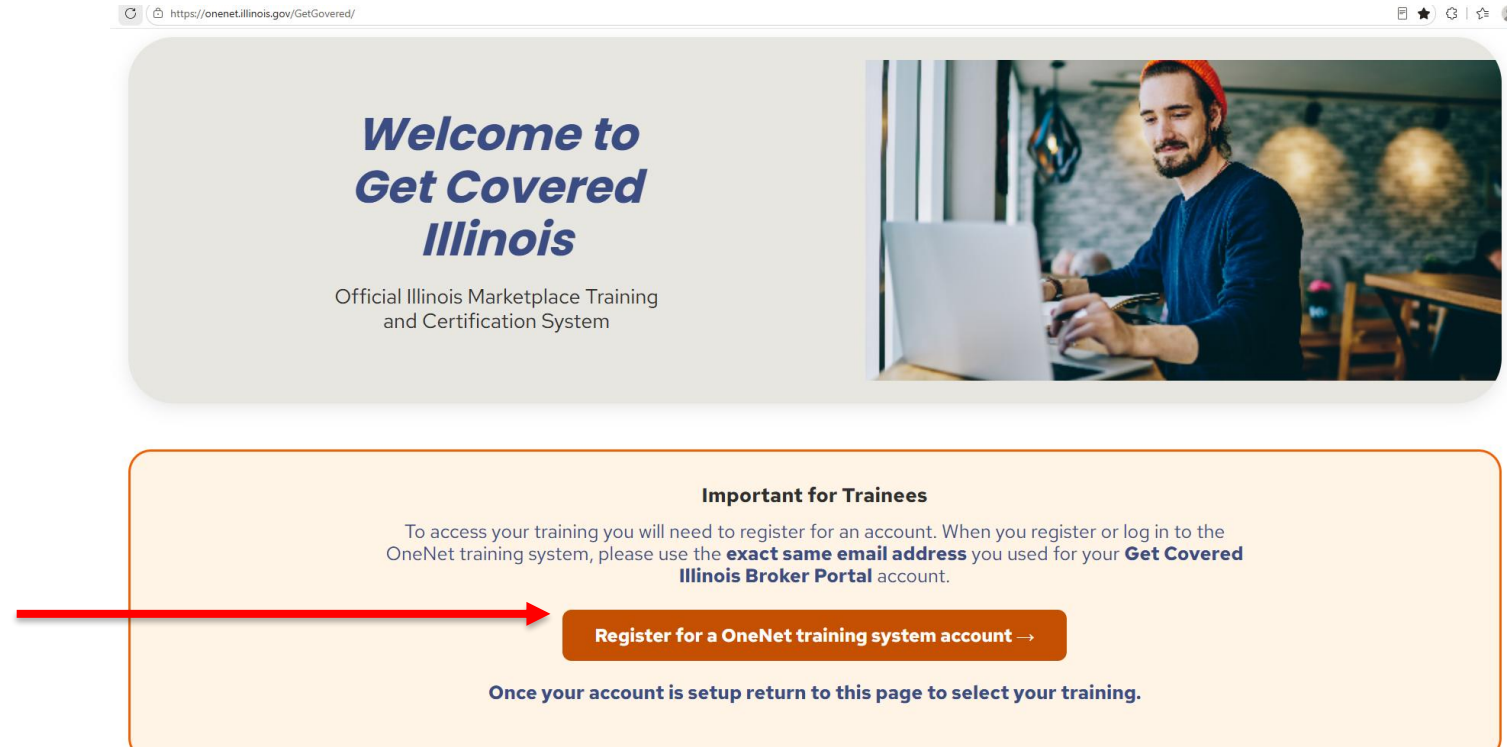

Before You Begin

- ✓ You must be pre-registered by Get Covered Illinois before attempting to access the certification training.
- ✓ Use the same email address for your OneNet training account and your Get Covered Illinois broker portal account.
- ✓ Have access to the phone or email you will use for ILogin security verification.
- ✓ You do not need to download an authenticator app. Email or text can be used for authentication.

IMPORTANT: Do not start by logging in through the general OneNet main page. Use the Get Covered Illinois OneNet entry point.

Step 1: Register for a OneNet Training Account

- Go to Get Covered Illinois OneNet.
- Click the **orange button** to register for a OneNet account.
- Use the same email address associated with your Get Covered Illinois broker portal account.
- Continue through the ILogin account setup.

The screenshot shows a web browser window with the URL <https://onenet.illinois.gov/GetCovered/>. The page has a light gray header with the text "Welcome to Get Covered Illinois" and "Official Illinois Marketplace Training and Certification System". To the right of the text is a photograph of a man with a beard and a red beanie working on a laptop. Below the header is a large orange box with rounded corners. Inside this box, the text "Important for Trainees" is followed by a paragraph: "To access your training you will need to register for an account. When you register or log in to the OneNet training system, please use the **exact same email address** you used for your **Get Covered Illinois Broker Portal** account." A red arrow points from the left towards an orange button labeled "Register for a OneNet training system account →". Below the button, the text "Once your account is setup return to this page to select your training." is displayed.
